

Snow 2023 /

It's fresh powder on a blue bird day. It's earning your turns and snagging the perfect line. It's a balance of self-expression and outstanding gear. Welcome to a new season of SPY+ Snow. With incredible graphics, fresh goggle styles, and rad collabs with artists and athletes, this year has got us supremely stoked. This is freedom, finessed. See you on the hill!

33 HAPPY LENS

35 HAPPY BOOST

Born in 1994 in San Diego, SPY+ hails from the crossroads of the cultures that define California youth.

Concrete / Water / Snow / Dirt / Art / Music

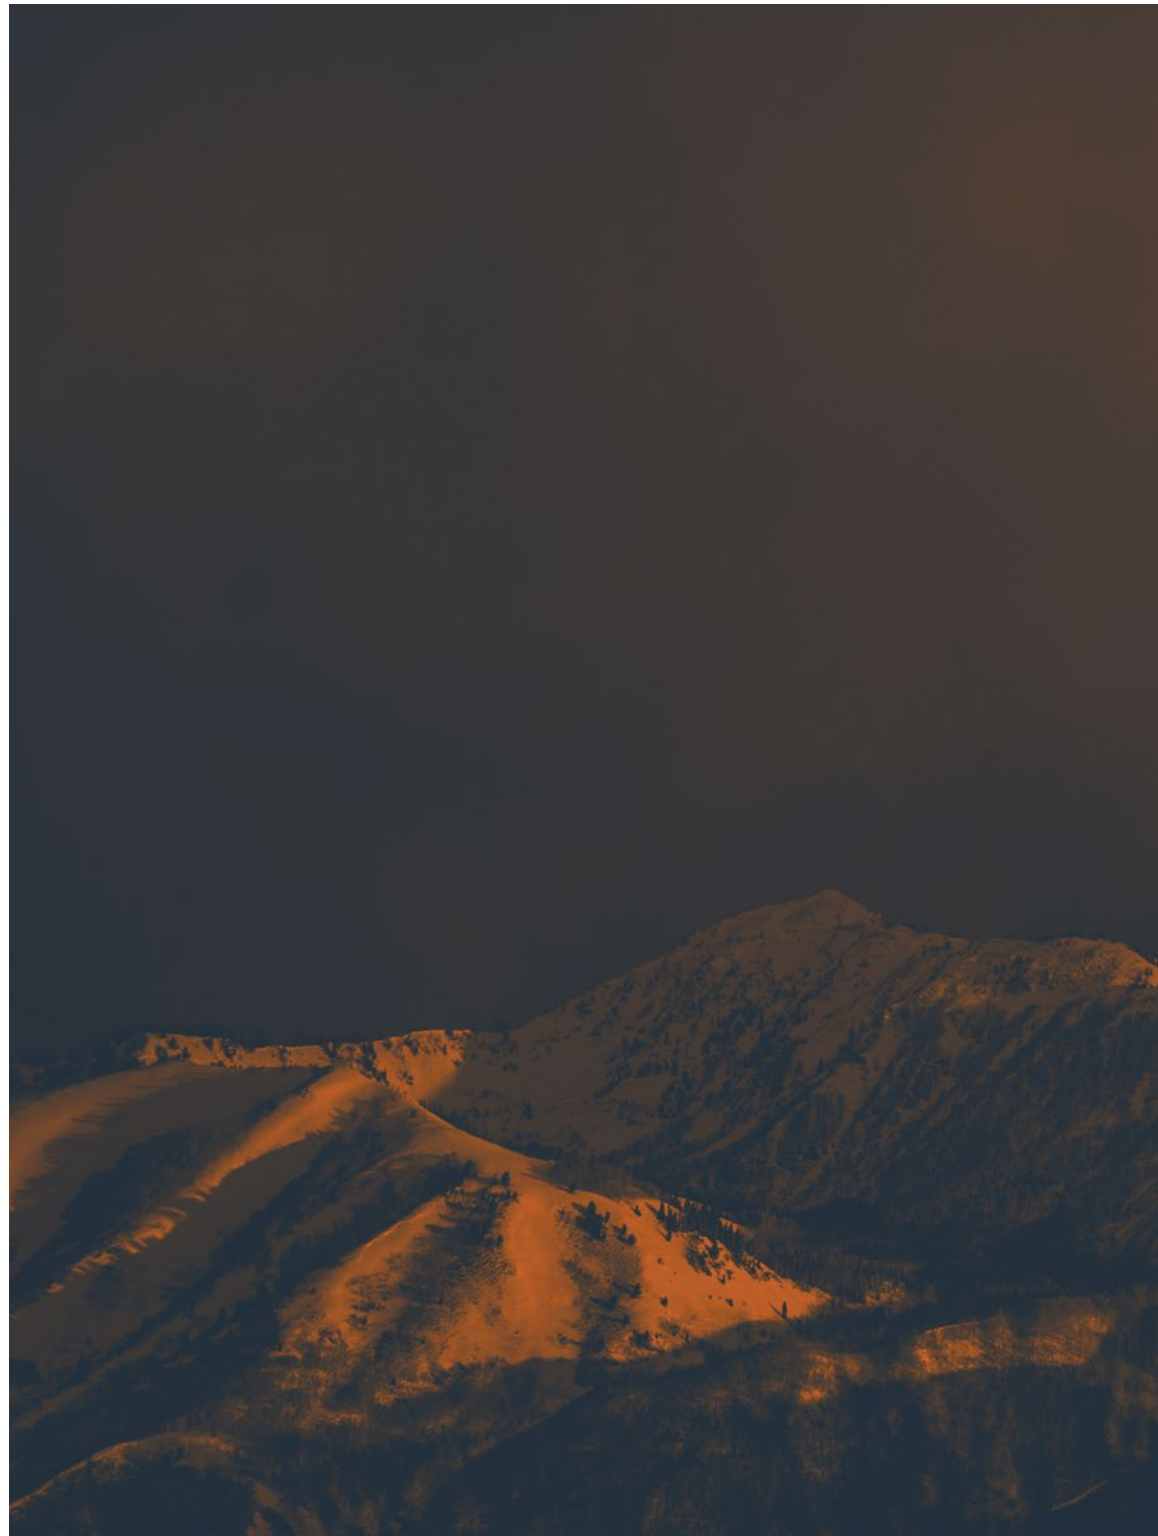

This realm of non-conformity bleeds self-expression at its core and is the driving force behind everything we do.

The name SPY+ represents our role as agents of this culture from which the brand was born.

Our "Cross" icon is a symbol of the intersection of ideas that spark positive revolution.

Our flagship orange embodies our spirit of warmth and good vibes.

+ + + +

CHANGE

They exist in multiple dimensions of expression.
They are outside of control, yet not out of control.

Brashly individualistic, our people are agents of positive
action that walk along the edge of what is now and what is next.

AGENTS

+ + + +

Our endless pursuit of positive cultural evolution is symbolized by tools that have a profound impact on how you see the world.

Our calling is to build the best products that empower individual expression for as many people as possible.

We are a design-driven brand.

We challenge the common ideals of the status quo and embrace the arcane, eccentric, and revolutionary.

We are champions of originality, and the products we make are symbols of pure freedom to be yourself.

+ + + +

Marauder Elite

Created in the top-secret SPY+ lab hidden deep in the hills of Southern California, we bring you the Marauder Elite—a high-powered, magnetic Toric snow goggle built for the ultimate visual experience. The low-profile lens delivers crystal-clear distortion-free optics, while our revolutionary Happy™ lens tech boosts mood and alertness and enhances color and contrast. Equipped with six super-strong magnets for fast and easy lens changes, our patent-pending Deadbolt™ lens locking system provides worry-free snow-sliding.

Six Magnets Securely Guide Lens into Place

Marshall 2.0

The make-no-apologies Marshall has gotten a major attitude adjustment. We've taken the revered goggle that everyone knows and loves and added a toric lens that delivers insane visibility. A wider strap creates an improved fit, while SPY+'s Rise Ventilation System creates a vacuum effect that pulls hot air from behind the lens and quickly releases it to be sure your vision stays free of fog throughout your ride. Built with partially recycled materials, the Marshall 2.0 is a universal fuss-free goggle with legendary style.

Megalith

A low-profile frame with high-profile style. The Megalith is a retro-inspired goggle that provides crystal clear views to the edge of your peripherals. From afternoon sessions to full days on the hill, this goggle packs ultimate comfort into a badass frame with a cylindrical lens and a helmet-compatible fit. The sharp edges and beveled details give a nod to their single-lens sunglass counterpart, the MONOLITH. Equipped with SPY+'s therapeutic HAPPY™ Lens and made partially from plant-based materials, the Megalith has checked the vibe so you can focus on the ride.

- + SPY+ premium lenses eliminate distortion at all angles, increasing clarity and providing an optimal viewing experience while reducing eyestrain and fatigue
- + Anti-fog cylindrical dual-lens provides increased optical clarity
- + Anti-scratch coating provides enhanced impact protection
- + 100% UV protection shields your eyes against damaging high-altitude sunlight
- + Custom built from flexible, durable polyurethane for seasons of use
- + RISE™ ventilation system utilizes the Venturi effect to draw air through subframe vents above the goggles, creating a vacuum that pulls hot air from behind the lens
- + Triple-layer Isotron™ face foam with fleece provides comfort while drawing fog-causing sweat off your face

Hits

SUNNY

DARKER LENSES AND STRONG MIRRORS
SHIELD YOUR EYES FROM BRIGHT SUN ON
BLUEBIRD DAYS WHEN SPF 30 IS A MUST

LENS CATEGORY S3

MIXED

LENSES DARK ENOUGH TO SHIELD YOUR EYES
FROM THE SUN, BUT THEY OFFER INCREASED
CONTRAST WHEN THE SUN DECIDES TO HIDE

LENS CATEGORY S2

SPECTRA™ LENS

Multiple layers of mirrors for a look that is as unique as it is effective at reducing glare in full sunlight.

VLT%

Visual Light Transmission is the amount of light allowed to pass through the lens. A higher VLT means more light.

FLAT

SPECIALLY TUNED LENSES WITH INCREASED CONTRAST AID VISIBILITY IN YOUR QUEST FOR POWDER ON GRAY DAYS

LENS CATEGORY S1

NIGHT

CLEAR LENSES THAT SHIELD YOUR EYES FROM WIND AND CHILL WHILE ALLOWING FULL VISION UNDER THE BRIGHT LIGHTS

LENS CATEGORY S0

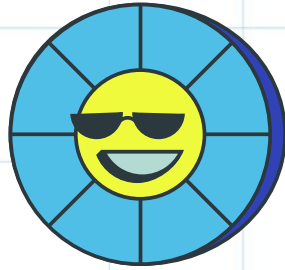

LOW LIGHT (LL) LENS

Specially tuned lenses offer increased visibility and contrast in mixed and flat light conditions.

FILTER

The higher the Filter Category value, the lower the amount of light transmitted through the lens.

HAPPY

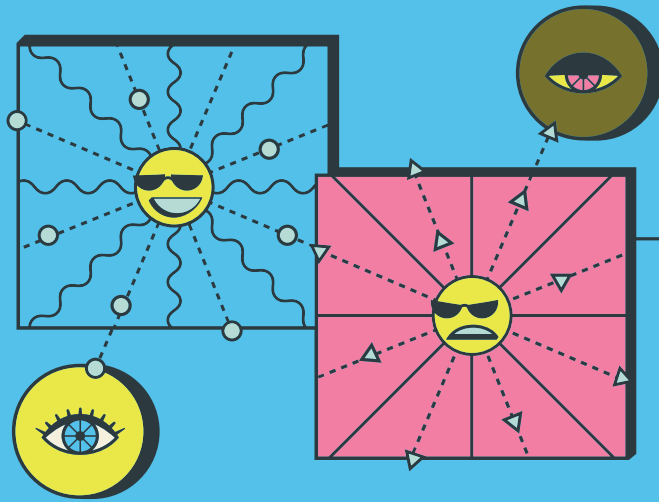

SEE BETTER. FEEL BETTER.

- + TUNED TO BOOST MOOD AND ALERTNESS
- + ENHANCES COLOR AND CONTRAST
- + PATENTED THERAPEUTIC TECHNOLOGY

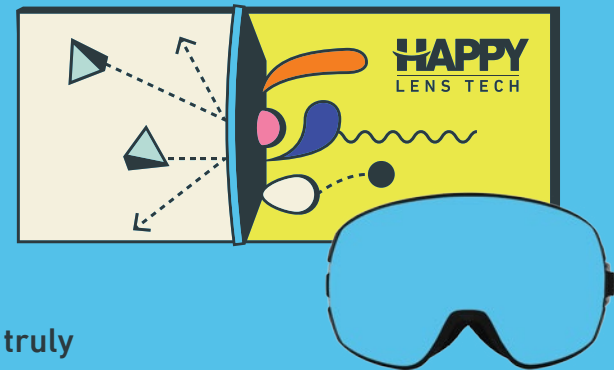

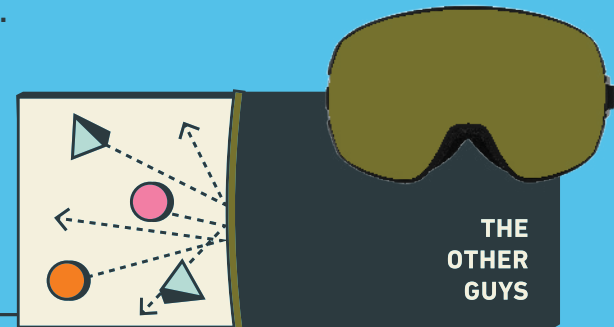

HOW **HAPPY** WORKS

LENS TECH

The sun gives off rays that are both good and bad for your health and well-being.

Unlike other color-enhancing lenses, which block the good as well as the bad, our revolutionary patented HAPPY™ lens tech lets in the good rays that help boost your mood and alertness and enhance color.

The result is a truly life-changing visual experience you can **SEE** and **FEEL.**

SMALL	54CM - 56CM
MEDIUM	56CM - 58CM
LARGE	59CM - 61CM

- + The MIPS Brain Protection System can reduce harmful forces transmitted to the brain from angled impacts to the head
- + The Snug Life fit system allows for a tighter fit and more stability during extreme activities
- + The Passive Ventilation System is composed of openings placed at strategic points to ensure constant airflow, pushing out heat and preventing cold air from entering
- + ABS construction uses single injection to provide maximum resistance to both time and impact
- + Removable earpads
- + Removable and washable lining
- + Includes Bonus Brim
- + Goggle retention strap
- + Certified EN 1077, EN 1078, and EN 12492, as well as REACH compliant
