About

Flaxta is committed to develop the progression of sports protection through a considered approach to performance, style and innovation.

We are dedicated to create products that exceed your expectations and elevate your passion.

Helmets

Designed with a holistic approach to protection and comfort.

Award-winning features and unique concepts.

Features

Deep Space Alpha Mips
 Deep Space Mips
 Deep Space
 Deep Space Junior

Hybrid Shell Construction.

Size adjustment system.

EPS Core (100% recycled EPS).

ID Customize the look of your helmet with Flaxta ID

Included in Deep Space Alpha Mips

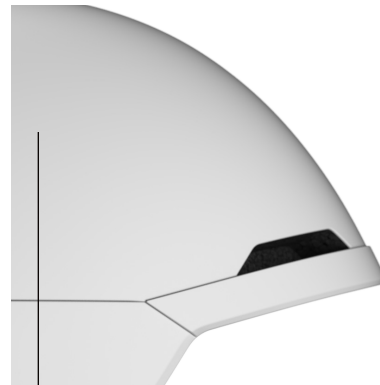

MIPS (Multi-directional Impact Protection System) is a world leading helmet safety system. In the event of an impact, the helmet technology provided by MIPS is intended to help reduce the impact of rotational energy on the head by enabling a relative movement between the head and helmet.

twiCEme is a technology aiming to make people safer by making the right safety information available at the right time. In the event of an accident, simply tap your smartphone and scan the twiCEme symbol on your equipment to access vital information such as medical profile, insurance information and coordinates.

RECCO® Avalanche Rescue Technology makes you searchable to professional rescuers in the event of an avalanche accident* or when lost in the outdoors. Wearing gear equipped with RECCO reflectors enables professional rescuers to locate you with RECCO detectors.

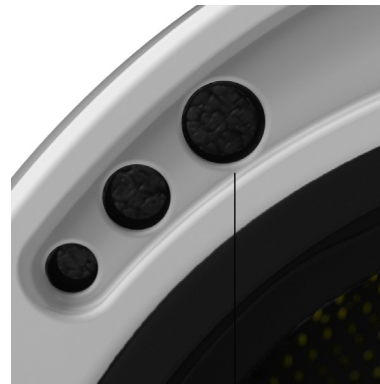

PRIMALOFT Primaloft Comfort Liner.

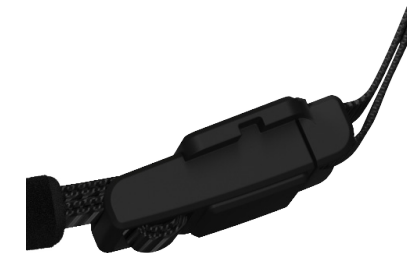

Adjustable Top Ventilation.

FOAMfit Adaptive neck pad for a comfortable and personal fit.

Goggle Ventilation.

Fidlock Magnetic Buckle.

Back Protection

By using our award-winning AVA compound, we have been able to create the most ventilated, flexible, and low-profile back protector on the market.

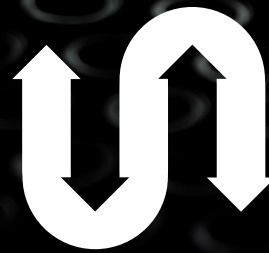

Awarded and praised by magazines, skiers and snowboarders around the world.

Absorb.

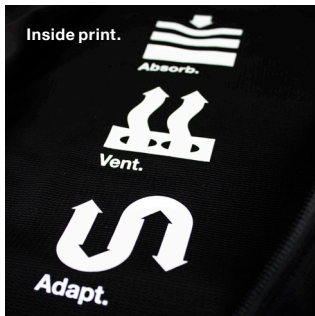

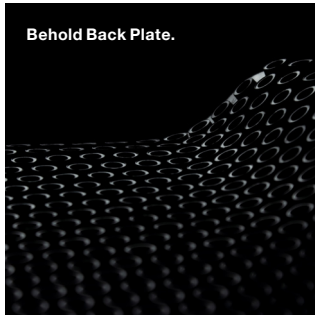

Vent.

Adapt.

AVA is a unique protection system that brings absorption, ventilation and adaption to an unprecedented new level.
