About Flaxta

Flaxta is built on a mission of redefining sports protection through a thoughtful approach to performance, style, and innovation.

Our products and concepts have been created to offer a new level of protection and performance, while igniting the passion of our users.

We are proud of what we have accomplished over the years and are excited to continue innovating and making a difference in the world of sports protection.

Welcome to the world of Flaxta!

AWARDED AND FEATURED BY

 FREESKIER

Helmet

Designed with a holistic approach to protection, comfort and ventilation, while incorporating safety and comfort features.

Helmet Technologies

Our helmets offer a number of solutions and concepts, resulting in a personalized fit, added comfort, improved ventilation, enhanced safety, and unique design features.

Explore with **Confidence**

Helmet Details

Protection, comfort and ventilation, for all-mountain exploration.

Size Adjustment System

EPS Core
(100% recycled EPS).

twiCEme technology

twiCEme technology allows the wearer to upload medical information onto the equipment, making it possible for any bystander, co-rider or first responder to help the person in need.

By tapping the twiCEme symbol displayed on the helmet with a smartphone, anyone can alert, relay location and access critical information uploaded by the wearer.

1010 Black

Integrated twiCEme technology.

Integrated RECCO reflector.

Mips (Multi-directional Impact Protection System)

Hybrid construction for optimized weight and durability.

100% recycled EPS core.

Foamfit - adaptive foam for individual fit.

Primaloft liner for added warmth.

Fidlock magnetic buckle.

Adjustable ventilation.

Size adjustment system.

Compatible with Flaxta ID.

Sizes S-M (51-54), M-L (55-58), L-XL (59-62)

Weight 565 g (M)

Material EPS core, PC main shell, ABS top shell

Certification EN 1077-B

Scan the twiCEme symbol with a smartphone to access vital information such as medical profile, insurance information and coordinates.
